WRITTEN QUESTION TO THE MINISTER FOR INFRASTRUCTURE
BY CONNÉTABLE OF ST. HELIER
QUESTION SUBMITTED ON MONDAY 16th NOVEMBER 2026
ANSWER TO BE TABLED ON MONDAY 23rd NOVEMBER 2026

Question

"Further to the proposed allocation of £1.427 million to the Public Realm Rolling Vote in 2027 in the Proposed Budget 2027 - 2030, will the Minister –

(a) provide a breakdown of the projects, schemes or locations to which this funding is currently allocated or expected to be allocated;
(b) advise the amount allocated, or provisionally allocated, to each project, scheme or location;
(c) state the amount, if any, expected to be invested in St. Helier in 2027;
(d) detail all St. Helier projects currently being considered for support from the allocation in (c) above, including any projects to be delivered in partnership with the Parish of St. Helier and advise whether funding may be used to support Parish-led public realm schemes where those schemes also serve an Island-wide purpose or involve Government roads, infrastructure or assets; and
(e) explain the criteria and decision-making process that will be used to determine how any currently unallocated funding is distributed?"

Answer

Part (a) and (b):

Project / Workstream	**Details**	**Budget Allocation**
Internal Programme Management	Overhead costs of programme management activities	£125,000
Broad St – Phase 2	Construction of 'Phase 2A' – Extends from the end of the completed area (Phase 1) at the Post Office to the end of No. 20 Broad St frontage and along the cut through to King St	£1,050,000
Broad St – Phase 3	Construction procurement activities in preparation for construction	£52,000
Charing Cross	Design development in preparation for procurement and construction	£110,000
New St	Design development in preparation for procurement and construction	£40,000
West of Island Planning Framework	Contribution as per P.51/2024	£50,000
	Total =	**£1,427,000**

In addition to the above, £167,000 for 'Neighbourhood Regeneration of St. Helier' is allocated as per P.70/2025.

Part (c):

The amount expected to be invested in St. Helier in 2027, including the £167,000 for Neighbourhood Regeneration in St. Helier, is £1,544,000.

Part (d):

All St. Helier related projects detailed above will involve varying degrees of collaboration with the Parish of St Helier.

Additionally, £167,000 for 'Neighbourhood Regeneration of St. Helier' will be transferred to the Parish of St. Helier as per P.70/2025

Part (e):

There is no unallocated funding.

The current programme of works and selected projects has been informed by the *St Helier Public Realm & Movement Strategy*, relevant policy objectives, and feedback received from the public and key stakeholders. The projects currently planned and funded for delivery next year aim to enhance the commercial Town Centre and key pedestrian corridors, including La Grande Rue (Broad Street), and to generate benefits for residents, visitors, businesses, and the local economy.

Building on this vision and stakeholder feedback, we are now undertaking detailed studies of the St Helier Town Centre public realm to identify future opportunities for major projects as well as smaller, quick-win interventions. Shortlisted projects will be assessed using a Benefits Evaluation Tool, which measures their contribution against current policy objectives and Island Outcome Indicators.

Projects that demonstrate strong alignment with Government priorities, stakeholder ambitions, and complementary initiatives and investments – such as the *Regeneration Strategy for St Ht. Helier* – will then be evaluated for their deliverability and feasibility. This evaluation will include programme, budget, risk and resource requirements.
