Question

"Up to and including Monday 16th November 2026, will the Minister detail which stakeholders she has met in her official capacity since being appointed to her current Ministerial role?"

Answer

The Minister for Social Security is in regular contact with a number of stakeholder groups, local organisations and individuals.

Since being appointed, the Minister has held meetings with the following stakeholders:

- Chamber of Commerce
- Charity CEO Network
- Employment Forum
- Enable Jersey
- Health and Social Security Scrutiny Panel
- Jersey Cheshire Homes
- Jersey Employment and Discrimination Tribunal
- Jersey Employment Trust
- Jersey Pensions Association
- Les Amis

In addition to the above, the Minister has met with a number of States Members and individual islanders, and attended events and roundtable sessions which have provided the opportunity to meet with numerous representatives from local organisations and the charitable sector.

The Minister is a member of the Affordability Ministerial Group, which has met on several occasions with representatives from the charitable sector in Jersey.

The above list reflects organisations and bodies with which the Minister has held meetings in a Ministerial capacity and does not include every individual encountered at official events or public engagements.
