States of
Jersey
Complaints
Board:
Ms. X versus
the Minister
for the
Environment
and the
Infrastructure
and
Environment
Department.

A1. The Committee considered a report from the States of Jersey Complaints Panel in connexion with a complaint against the Minister for the Environment in relation to a complaint regarding the Infrastructure and Environment Department's handling of retrospective planning applications in respect of Northern Leaf (a Licensed cultivator and processor of pharmaceutical grade cannabis), Field 770, Retreat Farm, La Rue des Varvots, St. Lawrence, and of the Department's consideration of the statutory nuisance complaints in relation to Northern Leaf's activities on that site.

The Committee noted that the complaint centred around the Department's handling and lack of regulation in respect of a number of retrospective planning applications made by Northern Leaf, together with Enforcement and Noise Abatement Notices which had been issued to the company. It was noted that the Complaints Panel had upheld the complaint.

The Committee approved the report and requested that the necessary arrangements be made for it to be presented to the States with a brief covering report.
