

**WRITTEN QUESTION TO THE MINISTER FOR SOCIAL SECURITY
BY DEPUTY L.M.C. DOUBLET OF ST. SAVIOUR
QUESTION SUBMITTED ON MONDAY 1st DECEMBER 2025
ANSWER TO BE TABLED ON MONDAY 8th DECEMBER 2025**

Question

“Will the Minister provide details of the standard adult consultation fee for surgery consultations, home consultations, and the cost of a repeat prescription (90 days charge) at each GP surgery, per month for each of the last 3 years, as per the current data published on [Gov.je](#)?”

Answer

There have been 44 changes to the data on gov.je over the last three years, and these are attached to the response to this question.

~~Social~~ Social Security health cards

You need a health card to get a subsidy when you visit General Practitioners (GPs) and to get free prescriptions.

You can have a health card if you have lived in Jersey for at least 6 months and have paid Social Security contributions.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to our Customer Hub at Union Street to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Find a list of GPs in [Jersey Online Directory](#).

Replacing your health card

To apply for a replacement card call our Customer Hub on +44 (0)1534 444444 or email customerservices@gov.je.

We'll send a replacement card to your registered address.

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries operate as private businesses, so you will need to pay to see a doctor.

Fees vary between surgeries, and there may be additional charges for services such as injections and blood tests.

For the first six months after arriving in Jersey, you will need to pay the full cost of any GP visits.

Once you are eligible for a health card, your GP surgery will reduce the fee. The charge for a face-to-face consultation or home visit will be reduced by £50.28.

All remote consultations and face-to-face appointments with Allied Health Care Professionals will also be reduced by £30.28.

The expanded subsidy does not apply to out-of-hours services provided by Jersey Doctors on Call (JDOC), or to patients in the Health Access Scheme, who already pay fixed reduced fees for GP services.

Children under the age of 18 whose parents are covered by the Health Insurance Scheme are eligible for free consultations with:

- General Practitioners
- Nurses
- Paramedics
- Health Care Assistants

Children's telephone and video consultations are also provided free of charge.

Consultation costs vary between surgeries. Below are indicative standard adult consultation fees for healthcare professionals at individual practices. Contact the relevant practice for further information.

Information last updated: July 2025.

Standard adult consultation	GP in surgery	GP home visit	Nurse in surgery	Paramedic in surgery	Health Care Assistant in surgery	Repeat prescription (90 days) charge
GoJ - payment	£50.28	£50.28	£30.28	£30.28	£30.28	Not applicable

Social Security health cards

You need a health card to get a subsidy when you visit General Practitioners (GPs) and to get free prescriptions.

You can have a health card if you have lived in Jersey for at least 6 months and have paid Social Security contributions.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to our Customer Hub at Union Street to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Find a list of GPs in [Jersey Online Directory](#).

Replacing your health card

To apply for a replacement card call our Customer Hub on +44 (0)1534 444444 or email customerservices@gov.je.

We'll send a replacement card to your registered address.

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries operate as private businesses, so you will need to pay to see a doctor.

Fees vary between surgeries, and there may be additional charges for services such as injections and blood tests.

For the first six months after arriving in Jersey, you will need to pay the full cost of any GP visits.

Once you are eligible for a health card, your GP surgery will reduce the fee. The charge for a face-to-face consultation or home visit will be reduced by £50.28.

All remote consultations and face-to-face appointments with Allied Health Care Professionals will also be reduced by £30.28.

The expanded subsidy does not apply to out-of-hours services provided by Jersey Doctors on Call (JDOC), or to patients in the Health Access Scheme, who already pay fixed reduced fees for GP services.

Children under the age of 18 whose parents are covered by the Health Insurance Scheme are eligible for free consultations with:

- General Practitioners
- Nurses
- Paramedics
- Health Care Assistants

Children's telephone and video consultations are also provided free of charge.

Consultation costs vary between surgeries. Below are indicative standard adult consultation fees for healthcare professionals at individual practices. Contact the relevant practice for further information.

Information last updated: July 2025.

Standard adult consultation	GP in surgery	GP home visit	Nurse in surgery	Paramedic in surgery	Health Care Assistant in surgery	Repeat prescription (90 days) charge
GoJ - payment	£50.28	£50.28	£30.28	£30.28	£30.28	Not applicable

Fees for students over 18

From October 2024, you'll receive free consultations if you're a full-time student aged 18 or above.

You must be studying at any Jersey school or college or in a recognised university or college in the UK or abroad.

You'll receive free appointments with:

- GP
- Nurse
- Paramedic
- Health Care Assistants

Consultations over the phone or video are also free of charge. You must be on-Island.

You'll be automatically registered if you're a student:

- at a Jersey school or Highlands College.
- studying outside Jersey and receiving Student Finance

If you don't meet those criteria contact EssHealth@gov.je.

If you should be receiving free consultations but aren't on your GP's list, you'll need to pay and then email EssHealth@gov.je. We'll confirm you're eligible and add you to the list.

For more information or if you want to opt out, email EssHealth@gov.je.

Services excluded

Not all services are free.

You'll be charged an extra fee for:

- out of hours consultations
- home visits
- remote consultations when you're off-Island
- blood test
- urinalysis
- pregnancy test
- referral letter
- ear syringing
- ECG
- spirometry (lung test)
- swabs
- minor surgery
- IUD fitting or removal
- contraceptive implants
- joint injections
- other specialist services

Students part of a household receiving the [Health Access Scheme](#) will keep the scheme's benefits.

If you think the practice charged you the wrong price, ask them for a breakdown of your bill.

Prescriptions in Jersey

If you have been in Jersey for less than 6 months and cannot have a health card, you'll have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

Whilst the majority of GP prescription items are free, there are some exceptions. A list of items that are free on prescription can be obtained from the Social Security Department or by downloading the latest prescribed list.

Fees for students over 18

From October 2024, you'll receive free consultations if you're a full-time student aged 18 or above.

You must be studying at any Jersey school or college or in a recognised university or college in the UK or abroad.

You'll receive free appointments with:

- GP
- Nurse
- Paramedic
- Health Care Assistants

Consultations over the phone or video are also free of charge. You must be on-Island.

You'll be automatically registered if you're a student:

- at a Jersey school or Highlands College.
- studying outside Jersey and receiving Student Finance

If you don't meet those criteria contact EssHealth@gov.je.

If you should be receiving free consultations but aren't on your GP's list, you'll need to pay and then email EssHealth@gov.je. We'll confirm you're eligible and add you to the list.

For more information or if you want to opt out, email EssHealth@gov.je.

Services excluded

Not all services are free.

You'll be charged an extra fee for:

- out of hours consultations
- home visits
- remote consultations when you're off-Island
- blood test
- urinalysis
- pregnancy test
- referral letter
- ear syringing
- ECG
- spirometry (lung test)
- swabs
- minor surgery
- IUD fitting or removal
- contraceptive implants
- joint injections
- other specialist services

Students part of a household receiving the [Health Access Scheme](#) will keep the scheme's benefits.

If you think the practice charged you the wrong price, ask them for a breakdown of your bill.

Prescriptions in Jersey

If you have been in Jersey for less than 6 months and cannot have a health card, you'll have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

~~Social~~ Social Security health cards

You need a health card to get a subsidy when you visit General Practitioners (GPs) and to get free prescriptions.

You can have a health card if you have lived in Jersey for at least 6 months and have paid Social Security contributions.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to our Customer Hub at Union Street to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Find a list of GPs in [Jersey Online Directory](#).

Replacing your health card

To apply for a replacement card call our Customer Hub on +44 (0)1534 444444 or email customerservices@gov.je.

We'll send a replacement card to your registered address.

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries are private businesses so you have to pay to see them.

Fees vary from surgery to surgery and there may be extra charges for services like injections and blood tests.

For the first 6 months after you arrive in Jersey, you will have to pay the full cost if you need to visit a GP.

When you have a health card your GP's surgery will reduce the fee. They charge you for a face-to-face surgery consultation or home visit by £50.28.

Home visits and out of hours Jersey Doctors on Call services are not included and these costs vary from surgery to surgery.

Children under the age of 18 of parents who are under the Health Insurance Scheme are eligible to receive free consultations with:

- General Practitioner
- Nurse
- Paramedic
- Health Care Assistants

Children's telephone and video consultations will also be provided free of charge.

See below for current indication for a standard adult GP Consultation.

The information was last updated April 2025.

You can have a health card if you have lived in Jersey for at least 6 months and have paid Social Security contributions.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to the Customer and Local Services to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

Find a list of GPs in [Jersey Online Directory](#).

Replacing your health card

To apply for a replacement card call Customer Services on +44 (0)1534 444444 or email customerservices@gov.je.

We'll send a replacement card to your registered address.

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries are private businesses so you have to pay to see them.

Fees vary from surgery to surgery and there may be extra charges for services like injections and blood tests.

For the first 6 months after you arrive in Jersey, you will have to pay the full cost if you need to visit a GP.

When you have a health card your GP's surgery will reduce the fee. They charge you for a face-to-face surgery consultation or home visit by £50.28.

Home visits and out of hours Jersey Doctors on Call services are not included and these costs vary from surgery to surgery.

Children under the age of 18 of parents who are under the Health Insurance Scheme are eligible to receive free consultations with:

- General Practitioner
- Nurse
- Paramedic
- Health Care Assistants

Children's telephone and video consultations will also be provided free of charge.

See below for current indication for a standard adult GP Consultation within the surgery as of **October 2024**. Prices below are after the deduction of £50.28.

For more information on surgery costs go to their website.

Practice name	Cost of a standard adult GP in surgery consultation after deduction	Cost of standard adult GP home visit consultation after deduction	Repeat prescription (90 days) charge
Castle Quay Medical Practice	£35	£130	£15
Cleveland Clinic Ltd	£42.65	£120	£10

Doctors (GPs) - HealthCard

From 1 October 2024, you'll receive free consultations if you're a full-time student aged 18 or above.
You must be studying at any Jersey school or college or in a recognised university or college in the UK or abroad.

You will receive free appointments with:

- GP
- Nurse
- Paramedic
- Health Care Assistants

Consultations over the phone or video are also free of charge. You must be on-Island.

You'll be automatically registered if you're a student:

- at a Jersey school or Highlands ~~College. This excludes Beaulieu College.~~
- studying outside Jersey and receiving Student Finance

If you don't meet those criteria contact EssHealth@gov.je.

If you should be receiving free consultations but aren't on your GP's list, you'll need to pay and then email EssHealth@gov.je. We'll confirm you're eligible and add you to the list.

For more information or if you want to opt out, email EssHealth@gov.je.

Services excluded

Not all services are free.

You'll be charged an extra fee for:

- out of hours consultations
- home visits
- remote consultations when you're off-Island
- blood test
- urinalysis
- pregnancy test
- referral letter
- ear syringing
- ECG
- spirometry (lung test)
- swabs
- minor surgery
- IUD fitting or removal
- contraceptive implants
- joint injections
- other specialist services

Students part of a household receiving the [Health Access Scheme](#) will keep the scheme's benefits.

If you think the practice charged you the wrong price, ask them for a breakdown of your bill.

Prescriptions in Jersey

If you have been in Jersey for less than 6 months and cannot have a health card, you'll have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

Whilst the majority of GP prescription items are free, there are some exceptions. A list of items that are free on prescription can be obtained from the Social Security Department or by downloading the latest prescribed list.

 [Prescribed list of pharmaceutical products \(alphabetical order\)](#)

 [Prescribed list of pharmaceutical products \(by therapeutic group\)](#)

Hospital treatment

Your health card does not automatically entitle you to free hospital treatment. The Health and Social Services Department will only provide free emergency hospital treatment (in the Emergency Department).

You have to pay for other hospital treatment and services unless you meet 1 of the following conditions:

- you have been living in Jersey for at least 12 months prior to treatment
- you have been living in Jersey for at least six months prior to treatment during which time you have been in regular paid employment or paying income tax and you have a valid health card
- you have Licensed status

This includes previous residents who have lived or worked elsewhere for 5 years or more.

Exemptions include:

- the cost of treatments covered by an agreement between Jersey and your country of residence or previous residence. This is known as a reciprocal health agreement
- if you are visiting in an official capacity. For example, as consul or ambassador
- if you require treatment for certain diseases or conditions

Moving or returning to live in Jersey

If you are new to the Island you must register with the Social Security Department as soon as you arrive. Although you will not be able to get your health card for six months, the six months are counted from when you first register.

Once you have been here six months, and have paid any Social Security contributions that are due, you will be eligible for a Social Security health card.

If you return to Jersey after living away you can use your health card straight away but only to visit a GP or to get free GP prescriptions. You may not be able to get free hospital treatment or social services care.

If you are a French national, you can have a health card as soon as you arrive. This is due to a health agreement that exists between Jersey and France.

Prescriptions in Jersey

If you have been in Jersey for less than 6 months and cannot have a health card, you'll have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

Whilst the majority of GP prescription items are free, there are some exceptions. A list of items that are free on prescription can be obtained from the Social Security Department or by downloading the latest prescribed list.

Social Security health cards

You need a health card to get a subsidy when you visit your General Practitioners (GPs) and to get free prescriptions. Find a list of GPs in [Jersey Online Directory](#).

If you have lived in Jersey for 6 months or more, and you have paid Social Security contributions, then you're entitled to a Social Security health card.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to the Customer and Local Services to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries are private businesses so you will have to pay to see them.

Fees vary from surgery to surgery and extra charges may be made for services like injections and blood tests.

For the first six months after you arrive in Jersey, you will have to pay the full cost if you need to visit a GP.

Once you receive a Social Security Health Card your GP's surgery will reduce the fee. They charge you for a face-to-face surgery consultation or home visit by £50.28.

Home visits and out of hours Jersey Doctors on Call services are not included and these costs vary from surgery to surgery.

Children under the age of 18 of parents who are under the Health Insurance Scheme are eligible to receive free consultations with:

- General Practitioner
- Nurse
- Paramedic
- Health Care Assistants

Children's telephone and video consultations will also be provided free of charge.

See below for current indication for a standard adult GP Consultation within the Surgery as of 20 May 2024. Prices below are after the deduction of £50.28.

For more information on surgery costs go to their website.

Social Security health cards

You need a health card to get a subsidy when you visit your General Practitioners (GPs) and to get free prescriptions. Find a list of GPs in [Jersey Online Directory](#).

If you have lived in Jersey for 6 months or more, and you have paid Social Security contributions, then you're entitled to a Social Security health card.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to the Customer and Local Services to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Visiting a GP or family doctor in Jersey

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries are private businesses so you will have to pay to see them.

Fees vary from surgery to surgery and extra charges may be made for services like injections and blood tests.

For the first six months after you arrive in Jersey, you will have to pay the full cost if you need to visit a GP.

Once you receive a Social Security Health Card your GP's surgery will give you a discount of £20.28 with a further £20 of a GP face to face consultation fee.

Home visits and out of hours Jersey Doctors on Call services are not included and these costs vary from surgery to surgery.

Children under the age of 18 of parents who are under the Health Insurance Scheme are eligible to receive free consultations with:

- General Practitioner
- Nurse
- Paramedic
- Health Care Assistants

Children's telephone and video consultations will also be provided free of charge.

See below for current indication for a standard adult GP Consultation within the Surgery as of December 2023. Prices below are after the deduction of £40.28.

For more information on surgery costs go to their website.

Practice	Cost of a standard adult GP in surgery consultation after deduction	Repeat Prescription (90 days)
7 David Place	£35	£12
Castle Quay Medical Practice	£39	£15
Cleveland Clinic Ltd	£44	£9
Clifden House Surgery	£33	£12
Como Villa Surgery	£25	£5 to £9
First Medical Ltd	£40	£6 to £18
Health Plus	£40	£8.50
Indigo House	£39	£9
Island Medical Centre	£44	£5
Lido Medical Practice	£40	£12
Lister House Associates Ltd	£44	£12
Route du Fort Surgery	£35	£7
St Martin Surgery	£32	£3
Windsor Medical Medical Practice	£37	£5

Prescriptions in Jersey

If you have been in Jersey for less than 6 months and cannot have a health card, you'll have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

Whilst the majority of GP prescription items are free, there are some exceptions. A list of items that are free on prescription can be obtained from the Social Security Department or by downloading the latest prescribed list.

~~Urgent Treatment Centre charges during the coronavirus pandemic~~ During the coronavirus pandemic, we have introduced charges for patients using the Urgent Treatment Centre at Jersey General Hospital, for any problems that would normally be seen by your GP and are not COVID-19 related. For

~~Visiting a telephone or face to face appointment: children 4 years and under: Free of charge children 5 to 17 years old: £10 adults 18 years and over: £20 A home visit by the Urgent Treatment Centre GP: £40 Your GP Practice will contact you to arrange payment. Visiting a GP or family doctor in Jersey~~

Doctors who work in general practice are known as General Practitioners (GPs) or family doctors. In Jersey, GP surgeries are private businesses so you will have to pay to see them.

Fees vary slightly from surgery to surgery and additional charges may be made for services like injections and blood tests.

For the first six months after you arrive in Jersey, you will have to pay the full cost if you need to visit a GP. Once you have been in Jersey six months and you have paid any Social Security contributions that are due, you will be able to apply for a Social Security health card. Showing this card at your GP's surgery will give you a discount of £20.28 off the fee.

Additional costs vary from surgery to surgery. Some do offer appointments for children free of charge. Please contact the individual surgeries for confirmation of availability and costs.

A list of GPs can be found in the [Jersey Online Directory](#).

Prescriptions in Jersey

If you have not been in Jersey long enough to have a health card (six months), you will have to pay the full cost of any prescription from your GP.

If you have a Social Security health card, prescriptions are free. Show your health card at any community pharmacy. Different rules apply to prescriptions from a hospital doctor, which must be collected from the hospital pharmacy and may involve a charge.

[Prescribed list of pharmaceutical products](#)

Social Security health cards

You need a health card to get a subsidy when you visit your GP and to get subsidised free prescriptions.

If you have lived in Jersey for six months or more, and you have paid any Social Security contributions that are due, then you are entitled to a Social Security health card.

Children do not need their own health card. If you have a baby, then you should take their birth certificate to the Social Security Department to get a Social Security number. You will be given a Doctor's Registration form. You will need this if you take your child to the GP or pick up a prescription on their behalf.

You must have your own health card. You cannot use someone else's health card.

If you are a French national you can have a health card straight away. This is due to a health agreement that exists between Jersey and France.

[UK and Jersey health agreement](#)

Hospital treatment

Your health card does not automatically entitle you to free hospital treatment. The Health and Social Services Department will only provide free emergency hospital treatment (in the Emergency Department). You have to pay for other hospital treatment and services unless you meet one of the following conditions:

- you have been living in Jersey for at least 12 months prior to treatment
- you have been living in Jersey for at least six months prior to treatment during which time you have been in regular paid employment or paying income tax and you have a valid health card
- you have Licensed status

This includes previous residents who have lived or worked elsewhere for five years or more.

Exemptions include:

- the cost of treatments covered by an agreement between Jersey and your country of residence or previous residence (known as a reciprocal health agreement)
- if you are visiting in an official capacity (eg as consul or ambassador)
- if you require treatment for certain diseases or conditions

Moving or returning to live in Jersey

If you are new to the Island you must register with the Social Security Department as soon as you arrive. Although you will not be able to get your health card for six months, the six months are counted from when you first register.

Once you have been here six months, and have paid any Social Security contributions that are due, you will be eligible for a Social Security health card.

If you return to Jersey after living away you can use your health card straight away but only to visit a GP or to get free GP prescriptions. You may not be able to get free hospital treatment or social services care.

If you are a French national, you can have a health card as soon as you arrive. This is due to a health agreement that exists between Jersey and France.

Replacement health card

To apply for a replacement card simply phone Customer Services on [01534 444444](tel:01534 444444) or email customerservices@gov.je and we will organise for a replacement cards to be sent to your registered address.
