- A person seeking leave to remain as a Visitor (under paragraph V(J)2.5 of Appendix V(J) to the Jersey Immigration Rules).

Article 3 increases, by 0.5%, the fee payable for an application for indefinite leave to remain.

Article 4 replaces the table in Article 5(2) of the fees Order to increase, by between 7.9% and 8.1%, the fees payable when applying for any passport other than an emergency passport. The fee payable when applying for an emergency passport is increased by 25% if applying during office hours and by 36.1% if applying outside of office hours.

The fee increases in *Articles 2 to 4* come into force on 1st September 2026. The increases are being made to ensure that fees charged in Jersey align with those charged in the United Kingdom and the rest of the Common Travel Area, and they have been approved by the Minister for Treasury and Resources.

The fees were most recently increased on 1st June 2025.

Article 5 replaces the table in Article 5(2) of the fees Order again on 16 November 2026, which is when an application for a passport (other than an emergency passport) can be made using a new fully online system. The fees payable for paper-based applications are unchanged from the 1 September 2026 fees, but new lower fees are introduced for fully online applications made using the new system. From 16 November 2026, a fee will no longer be charged for the return of supporting documents. Applications for emergency passports will remain only paper-based.

Article 6 names the Order, and *Article 7* provides for the commencement dates outlined above.

The Order was made on 20th August 2026 and came into force on 1st September 2026, except for Article 5, which comes into force on 16th November 2026.

Social Security (Claims and Payments) (Jersey) Amendment No. 2 Order 2026.

Minister for Social Security.

This Order amends the Social Security (Claims and Payments) (Jersey) Order 1974 (the “1974 Order”).

A new Article 11A sets out, for the avoidance of doubt, the way in which the Minister calculates the start, change and end date of payments of 4 benefits – old age pension, survivor’s benefit, long term incapacity allowance, and incapacity pension. The substance of Article 11A was found in Article 11(6) and (7) of the 1974 Order before it was removed earlier this year by the Social Security (Claims and Payments) (Jersey) Amendment Order 2026. It is anticipated that Article 11A will be removed in due course once the Minister

has access to an IT system that affords them greater flexibility in timing the payment of these 4 types of benefits.

This Order comes into force on the day after it is made.

The Order was made on 25th August 2026 and came into force on 26th August 2026.

- requires medical practitioners to ensure that a notification is placed on the relevant patient’s medical record and retained for at least 3 years;
- requires the Medical Officer of Health to publish the reports referred to in Article 13 of the Law on an annual basis, with reports to be published no later than the end of the year following the calendar year to which they relate.

The same fee is charged regardless of the method of termination.

Process

The appointment process for the non-elected members of the PAC was conducted through an open and competitive recruitment exercise. An advertisement was published locally on careers.gov.je and promoted through social media and a LinkedIn campaign managed by the States Greffe. The vacancy was also circulated through the Jersey Chamber of Commerce's weekly e-newsletter. In addition, a note to the media was issued highlighting the recruitment campaign, which subsequently received local media coverage.

The advertisement sought experienced professionals with a demonstrable track record in one or more of the following areas:

- Audit, assurance and risk management, including experience of internal audit, external audit, audit committees or risk oversight.
- Financial management and public accountability, including budgeting, financial governance, performance reporting and value-for-money assessment.
- Corporate governance and organisational leadership, with experience of board level decision-making, accountability frameworks and governance improvement.
- Programme and project delivery, including oversight of major transformation programmes, capital projects or organisational change initiatives.
- Digital and technology governance, including technology strategy, digital transformation, cyber resilience or information governance.
- Health and workforce leadership, including workforce planning, organisational development or leadership within complex health or care organisations.
- Infrastructure, estates or asset management, including resilience planning, capital investment or management of critical public assets.
- Procurement, commercial management and commissioning, including contract management, service commissioning and supplier oversight.
- Human resources and people management, including workforce strategy, employment policies and organisational culture.

The aforementioned skills and experience are aligned with recommendations made in the previous PAC's Legacy Report, as well as the key themes arising from the work and recommendations of the Comptroller and Auditor General (C&AG), including matters raised by the C&AG in relation to critical resilience infrastructure and healthcare expenditure.

The Chair of the PAC was also keen to appoint individuals whose expertise would complement that of elected members and enhance the Committee's overall scrutiny capability. The addition of the proposed non-elected members will bring a broad range of skills, knowledge and experience, strengthening the Committee's ability to discharge its duties and responsibilities under the Public Finances (Jersey) Law and to undertake robust scrutiny throughout its four-year term.

In addition to relevant professional expertise, applicants were required to demonstrate strong analytical and communication skills, together with the ability to work constructively and collaboratively as part of a committee.

The recruitment exercise attracted a strong field of high-calibre applicants. A shortlisting process was undertaken to assess candidates against the published criteria, including their knowledge, experience, skills and motivation for seeking appointment to the Committee. Applicants identified as most closely meeting the requirements of the role were invited to interview. All shortlisted candidates were provided with additional information regarding the role, responsibilities and expectations of non-elected members.

The shortlisting and interview panel comprised Deputy Karen Wilson as Chair of the PAC, the Greffier of the States and the Practice Director of the Law Officers' Department. A scoring matrix was used at both the shortlisting and interview stages to ensure candidates were assessed consistently and objectively. Eight applicants were shortlisted for interview, which took place on 19th and 20th August 2026.

Candidates were advised that non-elected members are not remunerated, and expenses are not ordinarily payable. Candidates were further advised that if successfully appointed, they would become signatories to the Code of Conduct for Lay Members of the Public Accounts Committee upon appointment, a draft copy of which was supplied to them in the information pack. For members' information, the code is appended to the most recent update to the Scrutiny and Public Accounts Committee Proceedings: Code of Practice.

Following the interviews, the panel unanimously agreed to recommend the appointment of the three nominees. In reaching its recommendation, the panel carefully considered the relative merits of all candidates, including their professional and academic backgrounds, and sought to ensure that the collective expertise of the non-elected members would complement and strengthen the knowledge and experience of the elected members serving on the PAC.
