CHILDREN'S RIGHTS IMPACT ASSESSMENT (CRIA)

PART 1: SCREENING

Name and title of Duty Bearer:	The Comité des Connétables
Type of Duty Bearer: (Minister, Elected Member or States Assembly Body)	Assembly Body
Assessment completed by (if not completed by duty bearer):	Secretary Comité des Connétables
Date:	27 October 2025

1) Name and brief description of the proposed decision The subject of your CRIA may be a proposed law, policy or proposition and in accordance with the Law is referred to in this template as the 'decision' • What is the problem or issue the decision is trying to address? • Do children experience this problem differently from adults?
The amendments include: - Changes to Article 6 regarding the information required to be inscribed on dog collars and - The removal of all proposed changes to Article 9 regarding the insertion of 'or cause damage to land'
2) Which groups of children and young people are likely to be affected? Groups of children could include early years, primary or secondary education; young adults; children with additional learning needs; disabled children; children living in poverty; children from particular ethnic backgrounds; migrants; refugees; care experienced children and LGBTQ+ children No groups of children are affected by this proposition.
3) What is the likely impact of the proposed decision on children and on their rights? • Identify any potential positive OR negative impacts and include indirect impacts on children and their rights as described in the UNCRC • Will different groups of children be affected differently by this decision? We do not anticipate the amendments to negatively impact on children in Jersey or their rights.
4) Is a full Children's Rights Impact Assessment required? If you have identified impacts on children and their rights, a full CRIA should be completed. If no impacts are identified then a Full CRIA is not required, but please explain your rationale and how you reached this conclusion A full CRIA is not considered necessary for this amendment. This is because we have identified no specific impact within the provisions of the amendments on the rights of children. A full CRIA has already been published for the proposed amendments to the Dogs (Jersey) Law 1961 (P.63/2025)
