I consider that this Law change has no direct or indirect impact on children and that the duty to have due regard to the UN Convention on the Rights of the Child does not arise. Accordingly, a Children's Rights Impact Assessment is not required under the Children (Conventions Rights) (Jersey) Law 2022.
4) Is a full Children's Rights Impact Assessment required? If you have identified impacts on children and their rights, a full CRIA should be completed. If no impacts are identified then a Full CRIA is not required, but please explain your rationale and how you reached this conclusion
