MINISTER FOR THE ENVIRONMENT

REPORT

1. Background

The Draft Sea Fisheries (Minimum Size Limits) (Jersey) Amendment Regulations 202- ([P.53/2025](#)) were lodged au Greffe on 26th June 2025 and listed for debate at the meeting on 9th September. Giving regard to the volume of time-sensitive States business at that meeting the Minister for the Environment offered to defer P.53/2025 until the next meeting of the States Assembly on the 30th September 2025. This offer was accepted. To reflect the new timeline, the Minister is proposing a change to the commencement date of the Regulations so that an appropriate period of notice would apply should the Regulations be made by the Assembly at the forthcoming debate.

2. Financial and staffing implications

There are no additional financial or staffing implications, as these will be met within current department operations.

3. Children's Rights Impact Assessment

A Children's Rights Impact Assessment (CRIA) has been prepared in relation to this proposition and is available to read on the States Assembly website.

4. Recommendation

The Minister for the Environment decided to make an amendment to the Draft Sea Fisheries (Minimum Size Limits) (Jersey) Amendment Regulations 202-. The amendment makes the following changes to the Draft Sea Fisheries (Minimum Size Limits) (Jersey) Amendment Regulations 202-; the commencement date of the change to minimum size for lobster is moved from 16th September 2025 to 13th October 2025.
