

Telephone Masts

Are you concerned about the increase in the number of telephone masts?

The Telephone Mast Review Sub-Panel is looking into this topic

Please tell us what you think

The Sub-Panel will consider the concerns of the public relating to perceived health implications, as a result of the increase in applications for mobile phone mast installations, following the recent expansion of the mobile telephony market

In undertaking this review the Sub-Panel will have regard to -

The advice provided by the Health Protection Department;
International standards and best practice in respect of health precautions;
Health concerns raised by the Public; and
Reporting its findings and recommendations to the States.
