# Post-16 Education

We're reviewing the post-16 education system in Jersey and want to know about your experiences.

- As a student, did it or does it meet your educational needs?
- Did it or does it allow you to gain relevant qualifications?
- As a Local Business, does it help support you by up-skilling young people?
- What is good about it? Is there anything that could be done better?

Tell us what you think
