Animal Welfare & Control Review Report – Ministerial Response

Dear Minister,

I am writing in relation to the Environment, Housing & Infrastructure Scrutiny Panel's Animal Welfare & Control Review Report [S.R.7/2026] which was published on 10th March 2026. A Ministerial Response was requested from the relevant Ministers with an agreed deadline of 17th April 2026. However, the Panel notes that it has not received a response from yourself within the agreed timeframe.

This letter is therefore to formally note for the successor Panel that this remains outstanding at the conclusion of the term.

Yours sincerely,

Deputy Hilary Jeune
Chair, Environment, Housing and Infrastructure Panel
