Dear Chair,

Health and Social Security Scrutiny Panel

Thank you for your letter and for informing me of the membership of the Health and Social Security Scrutiny Panel.

May I congratulate you on your appointment as Chair, alongside Deputy Carpenter as Vice-Chair and Deputies Leck and Raimondo as Panel Members. I look forward to working with you all over the coming term.

I agree that Scrutiny plays a vital role in Jersey's parliamentary process. Effective Scrutiny helps strengthen policy and improve legislation and I am committed to maintaining a constructive and open relationship with the Panel, and to supporting its work wherever possible.

Health and Care Jersey (HCJ) and the Ministerial Office will be pleased to work with your officers to arrange introductory briefings and site visits, and to provide information that will assist the Panel in developing its understanding of HCJ's responsibilities, priorities and challenges. I know that Assistant Ministers Deputy Rose Binet and Connetable Andy Howell also look forward to engaging positively with the Panel.

I look forward to our first meeting on the 2nd September.

Yours sincerely,

Senator Tom Binet
Minister for Health and Social Services
