Dear Minister,

Quarterly Public Hearing – 14th September 2026

The Corporate Services Scrutiny Panel (the Panel) wishes to set out the intended purpose of this first quarterly hearing. The hearing will focus on understanding your rationale and priorities as part of the development of the Common Strategic Policy and Budget 2027-2030.

In addition, the Panel may also seek to examine issues arising from the previous term where these are relevant to ongoing policy development and implementation for the remit of the Minister for Treasury and Resources.

The intention of this approach is to assist the Panel in understanding the continuity of policy, the progress of key initiatives, and any lessons learned from previous decisions that may inform current Government priorities.

Yours sincerely,

Deputy Lyndsay Feltham
Chair
Corporate Services Scrutiny Panel
